

Pagoda Light Kit

Install Instructions

INSTALLATION AND SAFETY INSTRUCTIONS

General:

Proper wiring is essential for the safe operation of this fixture. Read instructions carefully. If you are unclear on how to proceed with the installation of this fixture, consult a qualified electrician.

WARNING: BE SURE THAT THE ELECTRICITY TO THE WIRES YOU ARE WORKING ON IS SHUT OFF. EITHER THE FUSE IS REMOVED OR THE CIRCUIT BREAKER IS OFF.

Installation:

MIN 90°C SUPPLY CONDUCTORS REQUIRED

1. Turn off power.
2. To disassemble fixture, remove the three (3) long machine screws and remove shade sections.
3. Unscrew the glass globe from fitter.
4. Slip fixture wires into the length of conduit or weather resistant junction box and tighten securely.
5. Connect fixture white wire with white supply wire from junction box using a wire connector (not supplied).
6. Connect fixture black wire with black supply wire from junction box using a wire connector (not supplied).
7. **GROUNDING INSTRUCTIONS:** Connect fixture green ground wire with green ground wire using a wire connector (not supplied).

NEVER CONNECT THE GROUND WIRE TO THE BLACK OR WHITE POWER SUPPLY WIRES.
